

Ciat Air Conditioning WIFI

Please note; There is an error in respect to the “App” required for the Ciat WIFI interface.

Within the installation kit is the WIFI module, this plugs into the indoor unit, inside the high wall front cover, there is a QR code attached to the module, unfortunately this QR code refers to an app which is in “French” or does not exist?

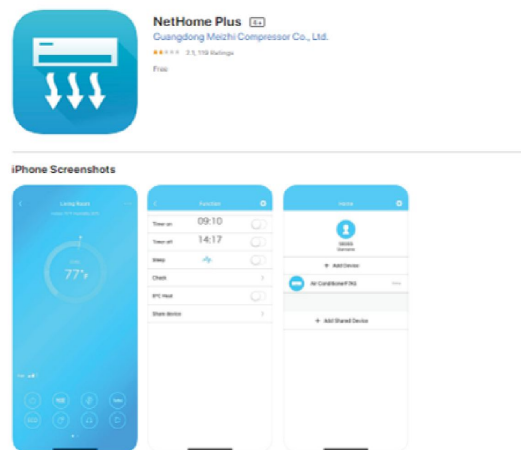

The correct “App” can be found on either “Google Play Store*” or “Apple APP* Store” the name of the “App” is;

“Nethome Plus”

Android™

(Screen Shot)

IOS™

The “App” is free, Installation is easy, just follow the on screen prompts, registration is required.

**For further information, or assistance, just contact your
Cool Designs Representative or call one of our sales offices on
01915 496 964 or 01925 820 000**

*Google Play Store “Android” and Apple App Store “IOS” are registered trade names.
